

PERSONAL FINANCIAL STATEMENT

EXPLANATION

Thanks again for your interest in one or more of our listings.

To receive information on a business(s) the size you are pursuing we are also attaching a very simple **Personal Financial Statement** for you to complete. This will enable us “qualify” potential buyers, per our agreement with our Sellers, before distributing financial and personal information about the business and/or the owner. If you are representing a company, a copy of your most recent Balance Sheet will provide us with the necessary information.

As soon as we receive your completed **Personal Financial Statement** we can forward specific information to you about the business(s) you are inquiring about. You can also go to our website, www.thebennettgroup.us and download this form under the “Buyer Forms” tab on the Home Page.

We would consider it a privilege to work with you on any of our listings.

Thanks again for your consideration of our business opportunities.

For more information about this listing and others, please contact:
